

LED Informational signs

1. Long Operation life—Up to 100,000 hrs.
2. Low Power Consumption—80% of the electrical energy will be converted into light energy.
3. Lighting for Emergency—The emergency power will work for 8hrs during power failure.
4. Wide Applications—Stairs, hallways, exits, public Telephone ,Toilet etc..

Model		e8HE00100 / E00300
Voltage		AC100V~240V / 50Hz-60Hz.
Wattage		1 W
Light Source		High Bright LED
Colors		BL / GN
Body	Material	ABS+PMMA
	Construction	Water-proof
	Dimensions	360×182×12mm / 368×188×18mm
Control System		LED Driver : Overload and Short Circuit Protection
Power Source		AC
Operating Temperature		-20 to 60 C
