

LED Ceiling Lights Series

1. Environmentally Friendly-Cool light with pure color and bright lighting, no heavy-metal element and no pollution.
2. Solid State-Long lifetime, short time start-up, durable structure.
3. Energy Saving-The LED-based lighting is 8 to 10 times the ordinary bulb.
4. Wide Applications-Square, garden, lawn park and road decoration lighting.
5. Style: Transparent plane surface or drop-shape surface and Mist drop-shape surface.

Model	e8F00100 / e8F00200 / e8F00300		
Style	Transparent plane surface	Transparent drop-shape surface	Mist drop-shape
Light Source	High Bright LED		
Colors	WH   WW		
Body	Material	Overload, Overheating&Short Circuit Protection	
	Construction	Transparent plane surface, Transparent drop-shape surface	
	Dimensions	130*72.5mm / 150*115.5mm / 170*152.5mm	
Control System	LED Driver Overload, Overheating&Short Circuit Protection		
Input Power	AC100V~240V/50HZ-60HZ		
Output Power	6W	8W	10W
Operating Temperature	-20 to 40 C
